

THE Lulworth COLLECTION

Solid American Light Oak Furniture

The Lulworth Collection is a beautifully made collection of furniture constructed from 100% solid American Light Oak. *This is simply magnificent furniture of exceptional quality!*

The collection was designed, made and imported exclusively by and for Pavilion Interiors. The collection comes with dovetail joints on all four corners of every drawer and other traditional joints are used throughout each item. The collection is also available with a choice of handles.

Very carefully selected Grade A solid American light oak is used, with absolutely no veneer or composite materials. Each item is then painstakingly finished by hand using a hard wearing and durable lacquer. Full details of the collection can be found on our web site: www.pavilioninteriors.com
